

## POLICY IMPLEMENTATION

### Development of Regulations

The School Board authorizes the Superintendent to create and update regulations necessary to carry out the policies adopted by the Board. If Board action is required by law or the Board asks that certain regulations or types of regulations be approved by the Board, the Superintendent will present those regulations to the Board for action. The Superintendent makes all regulations available to School Board members, employees and the public and sees that the regulations are placed in the School Board Policy Manual or are kept with the Policy Manual.

### Dissemination of Regulations and Administrative Procedures

Administrators and supervisors are responsible for informing staff members of all newly adopted policies, revised policies, regulations and administrative procedures.
