

FOOD SERVICES

The Albemarle County school division provides free and reduced-price breakfasts and lunches to students according to the terms of the National School Lunch Program and the National School Breakfast Program.

School officials determine student eligibility based on guidelines established by federal law. Eligible students are provided nutritionally acceptable meals free or at a reduced cost if state and federal resources for school food programs are available. The superintendent or superintendent's designee establishes rules and procedures as needed to implement this policy.

The criteria for determining a student's eligibility and the procedures for securing free and reduced-price meals is publicly announced at the beginning of each school year and provided to parents of all children attending Albemarle County Public Schools.

The students who participate in the free or reduced-cost meal programs are not overtly identified, distinguished or served differently than other students.
