DL Payroll Procedures/Payday Schedules		X				Lorna Gerome
<p><i>Executive leadership of Albemarle County Public Schools and Local Government has proposed moving to a mandatory 12-check pay frequency schedule for all employees. This change takes effect with the start of the 2018-19 school year and represents another step in improving organization-wide efficiencies, such as employee onboarding, benefits enrollment, and payroll processing. With the change to a mandatory 12-pay schedule, health and dental benefits rates will be simplified and easier for employees to understand.</i></p>
