

COOPERATION OF PUBLIC AGENCIES

The Albemarle County School Board (“School Board”) desires to cooperate fully with all governmental, civic, and other relevant agencies in times of local, state, or national emergencies. The School Board directs the Superintendent to make the schools of the Albemarle County Public Schools (“ACPS”) available, as needed, in times of such emergencies and cooperate fully with the directors or heads of these agencies regarding the use of the schools and school property.

The School Board may permit the use of ACPS schools and school property, upon such terms and conditions as it deems proper, as long as the efficient operation of the schools is not impaired or educational programs disrupted. The Superintendent shall report to the School Board at the end of each month the actions authorized pursuant to this Policy.
