

ACPS Equity Policy Review Checklist

Albemarle County Public School Division’s shared equity mission is to end the predictability of social and cultural factors on student success by working together with families and communities to ensure each individual student’s success (ACPS Equity & Access Initiative: A Call to Action, 2017).

Name: Charmane White

Please return to [Name] by:

Title: EEAB

Steps:

1. Review the policy against the checklist. If you can answer “yes” to item 1, “no” to item 2, and “yes” to item 3, then the equity threshold has been met; if not, proceed to step 2.
2. Make revisions to the policy
3. Review the revised policy against the checklist
4. After the second review, if you cannot answer “yes” to item 1, “no” to item 2, and “yes” to item 3, or if you are unsure what changes to make, this warrants referral to the review committee

Equity Policy Review			
	Yes	No	Comments
1. Will the policy have a <u>positive</u> impact on equity, inclusion and full participation of all people?	X		Creates more bus capacity and allows means for more students to be transported on-time.
2a. Is there a likelihood of <u>adverse</u> impacts with respect to equity (or are there already adverse impacts)?		X	There are already adverse impacts due to driver shortage and inability to transport all students on-time. The policy revision removed the maximum walking distance to a bus stop but keeps in place the safety factor for selecting stops.
2b. If yes, which “classes” might be affected?	<input type="checkbox"/> Sex <input type="checkbox"/> Gender (Identity and/or Expression) <input type="checkbox"/> Race <input type="checkbox"/> Color <input type="checkbox"/> National origin <input checked="" type="checkbox"/> Disability <input type="checkbox"/> Religion <input type="checkbox"/> Ancestry <input type="checkbox"/> Age <input type="checkbox"/> English language status <input type="checkbox"/> Marital Status <input type="checkbox"/> Genetic information <input type="checkbox"/> Sexual orientation <input type="checkbox"/> All classes <input checked="" type="checkbox"/> Cannot identify a specific class		
3. Is there anything in place in the policy or elsewhere to ensure accountability (such as equity-focused benchmarks or data points)?	X		The policy guidelines encompass the entire school district and all stops are evaluated equally. The accountability is consistently adhering to the policy revisions. Section V makes provisions for medical or other reasons to be considered if the student merits special consideration.
4. Should changes be made to make the policy more equitable and inclusive?		X	

5. Should this policy be referred to the Equity Policy Review Committee?		X	
--	--	---	--

Note: The review committee will consist of a panel of at least three individuals representing ACPS Staff and Diversity & Equity Advisory Committee (DEAC) members who have received relevant training in using the equity tool. Updated February 2019
