

School Board Work Session Topics

March 10, 2022

Purpose of Work Sessions

In September 2006, the School Board implemented the use of work sessions to gain greater understanding of critical issues facing the Division and to provide staff with direction in support of the Division's Strategic Plan. Typically, the first meeting of each month is a business meeting and the second meeting is a work session.

Proposed Common Framework

- All of the work sessions will have a direct connection to [Learning for All](#), the ACPS strategic plan.
- Data presented shall include current state, historical data, goals, metrics, and outcomes; EAB research, national benchmarks where available
- Connection to current policies
- All work sessions will conclude with the following discussion:
 - As a result of this work session:
 - What further information does the Board need/want from staff around this topic?
 - What are the next steps for the Board around this topic?
 - With the Board Priorities in mind, how should this new information
 - guide the Board's decision-making in the next budget cycle? What does the Board want to remember?

Proposed Topics

March 24

Achievement Data (Part 1 of 2): Mid-year Data Review

Thriving Students: ACPS will ensure that each student is supported to achieve their best.
