IIBE, Acceptable Use of Technology (Student Version) VSBA update requiring the Superintendent/Designee to update the administrative procedures to the policy every two years		X				Davra Miller/Christine Diggs	Equity Review 2019, will conduct a new one the next review cycle
JEC, School Admission Department Update: Procedures updated to include guidance from VDOE on acceptable documentation for refugee students. Written documentation from federal agency will include documentation from refugee resettlement organizations, such as the International Rescue Committee, to provide residency documentation for families placed in temporary housing, such as hotels, for indeterminate periods of time. This will also include documentation from ORR or other resettlement agencies as allowable for residency purposes, which can happen in rare instances. Medical documents are all listed as acceptable secondary proofs for shared housing. Anecdotal evidence shows that these documents are already accepted by some ACPS schools as secondary proof of residency		X	X			Lauren Maclean recommended these updates	Did not complete at this time. Changes made to update current procedures and will help with equitably serving our ESOL and refugee families.
