

ACPS Equity Policy Review Checklist

Albemarle County Public School Division’s shared equity mission is to end the predictability of social and cultural factors on student success by working together with families and communities to ensure each individual student’s success (ACPS Equity & Access Initiative: A Call to Action, 2017).

Steps:

1. Review the policy against the checklist. If you can answer “yes” to item 1, “no” to item 2, and “yes” to item 3, then the equity threshold has been met; if not, proceed to step 2.
2. Make revisions to the policy
3. Review the revised policy against the checklist
4. After the second review, if you cannot answer “yes” to item 1, “no” to item 2, and “yes” to item 3, or if you are unsure what changes to make, this warrants referral to the review committee

Equity Policy Review			
	Yes	No	Comments
1. Will the policy have a <u>positive</u> impact on equity, inclusion and full participation of all people?	X		Policy ensures that all employees are permitted to engage in “secondary” work. Policy also ensures that any outside work will not interfere with the educational environment.
2a. Is there a likelihood of <u>adverse</u> impacts with respect to equity (or are there already adverse impacts)?		X	
2b. If yes, which “classes” might be affected?	<input type="checkbox"/> Sex <input type="checkbox"/> Gender (Identity and/or Expression) <input type="checkbox"/> Race <input type="checkbox"/> Color <input type="checkbox"/> National origin <input checked="" type="checkbox"/> Disability <input type="checkbox"/> Religion <input type="checkbox"/> Ancestry <input type="checkbox"/> Age <input type="checkbox"/> English language status <input type="checkbox"/> Marital Status <input type="checkbox"/> Genetic information <input type="checkbox"/> Sexual orientation <input type="checkbox"/> All classes <input checked="" type="checkbox"/> Cannot identify a specific class		
3. Is there anything in place in the policy or elsewhere to ensure accountability (such as equity-focused benchmarks or data points)?	X		The policy maintains that no secondary work may interfere with the individual’s employment. Therefore, any secondary work that may detract from the school division’s mission may lead to investigative efforts. Third-party complaints, employee complaints, etc. are processes that may lead to the review of one’s secondary work.
4. Should changes be made to make the policy more equitable and inclusive?			

5. Should this policy be referred to the Equity Policy Review Committee?
