

ACPS Equity Policy Review Checklist

Albemarle County Public School Division’s shared equity mission is to end the predictability of social and cultural factors on student success by working together with families and communities to ensure each individual student’s success (ACPS Equity & Access Initiative: A Call to Action, 2017).

Name: Eileen Gomez

Title: JJAF, Sudden Cardiac Arrest

Steps:

1. Review the policy against the checklist. If you can answer “yes” to item 1, “no” to item 2, and “yes” to item 3, then the equity threshold has been met; if not, proceed to step 2.
2. Make revisions to the policy
3. Review the revised policy against the checklist
4. After the second review, if you cannot answer “yes” to item 1, “no” to item 2, and “yes” to item 3, or if you are unsure what changes to make, this warrants referral to the review committee

Equity Policy Review			
	Yes	No	Comments
1. Will the policy have a <u>positive</u> impact on equity, inclusion and full participation of all people?	X		If followed, we can perhaps prevent instances of this and certain groups are more prone to sudden cardiac arrest including males, Black children, and participants in certain sports like football and basketball.
2a. Is there a likelihood of <u>adverse</u> impacts with respect to equity (or are there already adverse impacts)?		X	See comments above. (Already are and policy may help)
2b. If yes, which “classes” might be affected?	<input type="checkbox"/> Sex <input type="checkbox"/> Gender (Identity and/or Expression) <input type="checkbox"/> Race <input type="checkbox"/> Color <input type="checkbox"/> National origin <input checked="" type="checkbox"/> Disability <input type="checkbox"/> Religion <input type="checkbox"/> Ancestry <input type="checkbox"/> Age <input type="checkbox"/> English language status <input type="checkbox"/> Marital Status <input type="checkbox"/> Genetic information <input type="checkbox"/> Sexual orientation <input type="checkbox"/> All classes <input checked="" type="checkbox"/> Cannot identify a specific class		
3. Is there anything in place in the policy or elsewhere to ensure accountability (such as equity-focused benchmarks or data points)?	X		Parents/guardians sign that they get this information. Students will be pulled based on symptoms and we will ask athletic trainers to track this data. Biennial review of procedures as outlined by Va. Code.
4. Should changes be made to make the policy more equitable and inclusive?		X	
5. Should this policy be referred to the Equity Policy Review Committee?		X	

Note: The review committee will consist of a panel of at least three individuals representing ACPS Staff and Diversity & Equity Advisory Committee (DEAC) members who have received relevant training in using the equity tool. Updated February 2019
