

ACPS Equity Policy Review Checklist

Albemarle County Public School Division’s shared equity mission is to end the predictability of social and cultural factors on student success by working together with families and communities to ensure each individual student’s success (ACPS Equity & Access Initiative: A Call to Action, 2017).

Steps:

1. Review the policy against the checklist. If you can answer “yes” to item 1, “no” to item 2, and “yes” to item 3, then the equity threshold has been met; if not, proceed to step 2.
2. Make revisions to the policy
3. Review the revised policy against the checklist
4. After the second review, if you cannot answer “yes” to item 1, “no” to item 2, and “yes” to item 3, or if you are unsure what changes to make, this warrants referral to the review committee

Equity Policy Review			
	Yes	No	Comments
1. Will the policy have a <u>positive</u> impact on equity, inclusion and full participation of all people?	X		This VA statute-based policy positively impacts the school division’s equity efforts by ensuring that favoritism, gifts, etc. are prohibited. This levels the playing field for awarding contracts, which should enhance the opportunity for minority-owned businesses to be more readily considered.
2a. Is there a likelihood of <u>adverse</u> impacts with respect to equity (or are there already adverse impacts)?		X	
2b. If yes, which “classes” might be affected?	<input type="checkbox"/> Sex <input type="checkbox"/> Gender (Identity and/or Expression) <input type="checkbox"/> Race <input type="checkbox"/> Color <input type="checkbox"/> National origin <input checked="" type="checkbox"/> Disability <input type="checkbox"/> Religion <input type="checkbox"/> Ancestry <input type="checkbox"/> Age <input type="checkbox"/> English language status <input type="checkbox"/> Marital Status <input type="checkbox"/> Genetic information <input type="checkbox"/> Sexual orientation <input type="checkbox"/> All classes <input checked="" type="checkbox"/> Cannot identify a specific class		
3. Is there anything in place in the policy or elsewhere to ensure accountability (such as equity-focused benchmarks or data points)?	X		As it relates to the awarding contracts, procurement efforts require quantitative tracking and review of purchasing processes.
4. Should changes be made to make the policy more equitable and inclusive?			

5. Should this policy be referred to the Equity Policy Review Committee?
