

MARCH 10, 2022

School Board & Community Neighborhood Meetings

Affirming & Empowering Communities

GOAL 2

Actively empower all stakeholders, including those without children in our schools, to engage in our school community, through effective communications.

Proposed Project for Strategic Plan Objective 2.3

Priority area two of the strategic plan (**Affirming and Empowering Communities**) is committed to developing a culturally responsive environment that will respect and champion all stakeholders' diversity of life experiences so they are actively empowered to engage in our school community (Objective 2.3).

Proposed Project for Strategic Plan Objective 2.3

The Office of Community Engagement will partner with School Board members to implement Strategy 2.3.6 by engaging with families in their neighborhoods and magisterial districts. ***We seek an endorsement from the Board to move forward with this initiative.***

Implementation & Timeline

1

School Board members will be surveyed to determine logistic & subject preferences.

2

Community partnership organizations and individuals will be identified to serve as meeting hosts, sponsors and/or participants

3

OCE staff will collaborate with School Board members with scheduling and facilitating if needed.

4

School Board members will have the opportunity to invite meeting participants to serve as a more diverse pool of individuals available to act as a sounding board or potential volunteers for future focus groups, appointments and event recruitment for each Magisterial District.
